Letter of Recommendation

This letter serves as a letter of recommendation for the outstanding service received from De Wet's Well Points and their team. They were professional at all times with a technically difficult well project for our company that lasted over a year.

They would not give up on the project even when it seemed impossible. They honoured their initial quotation, even when it became obvious that a lot more work and time was needed to conclude the job.

The De Wet's team were always cordial, honest and gave constant feedback. Their service was impeccable and the Comco Group of Companies herewith recommends them as a trustworthy service provider.

Kind Regards,

  
**Reynhard Carelse** *Chief Executive Officer*
